

A trust-based relationship to guide care for the sick.

This 29th World Day of the Sick, which will take place on February 11, 2021, in memory of Our Lady of Lourdes, is an opportunity to devote special attention to the sick and those who provide them with assistance and care.

My thoughts go in particular to all those around the world who are suffering from the effects of the coronavirus pandemic. I wish to express to all that I am spiritually close to them. The experience of the disease makes us feel our vulnerability and, at the same time, the innate need of the other. We experience, in an obvious way, our dependence on God. The current pandemic has brought to light many inadequacies in health systems and inadequacies in assistance to the sick. At the same time, the pandemic has also highlighted the dedication and generosity of health workers, volunteers, workers, priests, men and women religious who, with selflessness, a sense of responsibility and a love of neighbor, have helped, cared for, comforted and served many sick people and their families.

In this regard, I would like to recall the importance of fraternal solidarity which is expressed concretely in service.

A society is all the more human because it takes care of its fragile and suffering members and knows how to do so with an efficiency animated by fraternal love.

To Mary, Mother of Mercy and Health of the Infirm, I entrust all the sick, the healthcare workers and all those who generously assist our suffering brothers and sisters.

Rome, 20 December 2020. *Francis*

LET US PRAY: Lord, we want to entrust to you the sick of our families and of our communities; the wounded in body or soul; those who thirst for healing and hope for a sign or a healing touch from you...
